

The following is an analysis of the data from the Capital Campaign survey. 135 members completed surveys. Not all of the questions were answered by everyone.

1 - Top Items of Importance

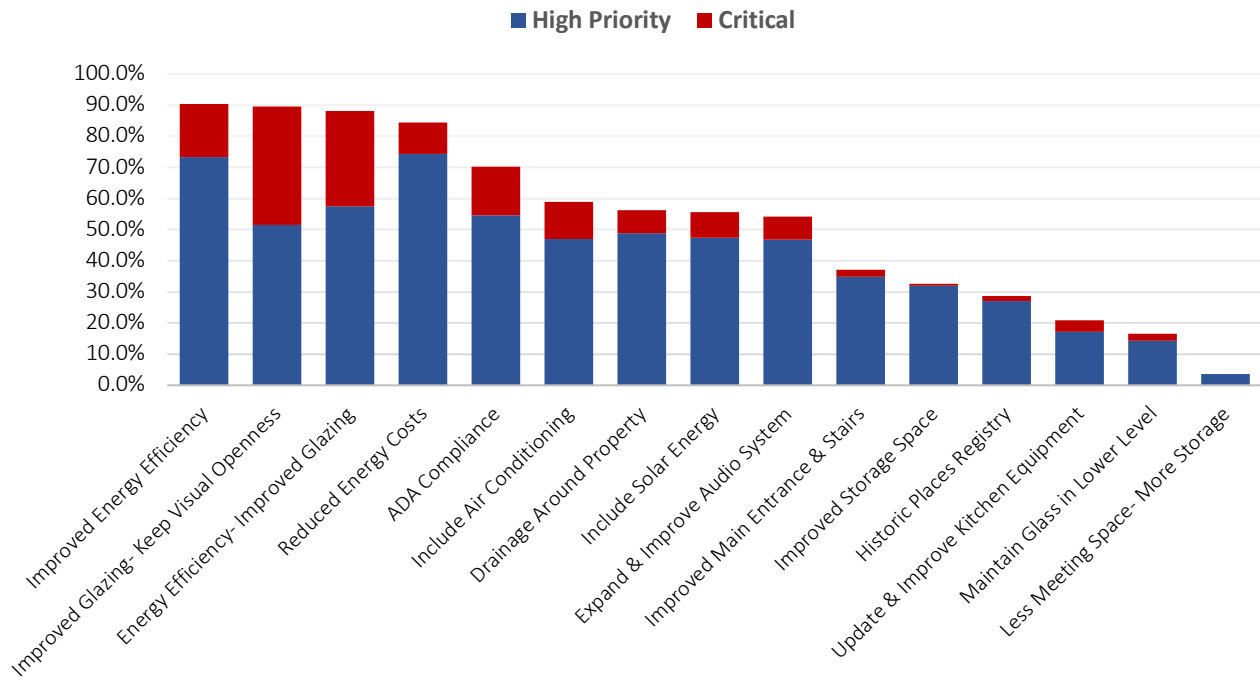

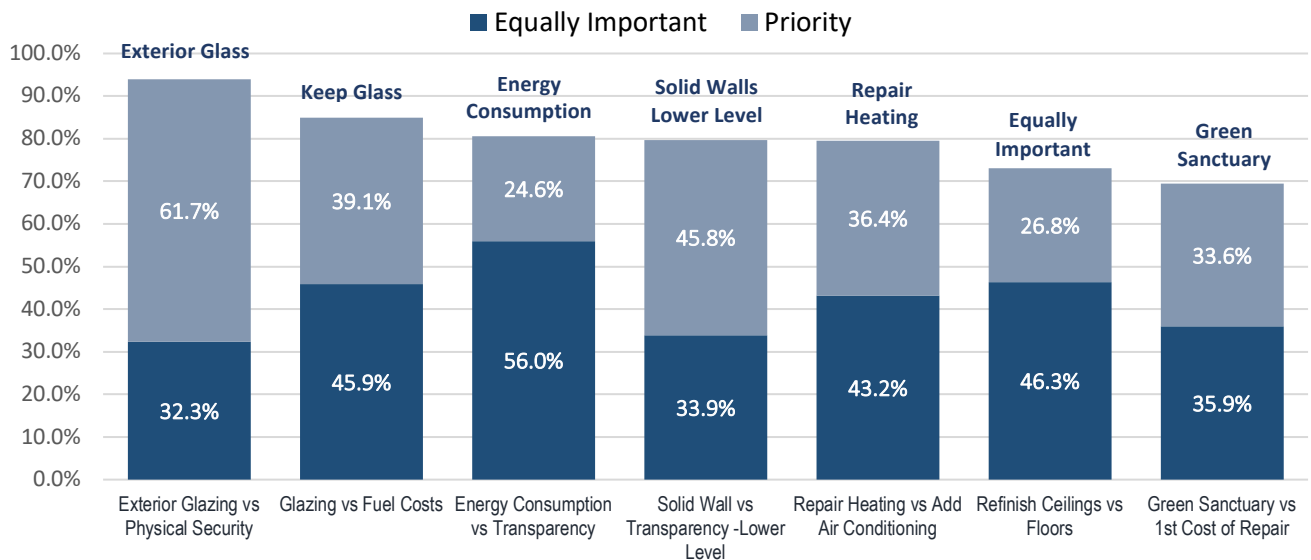

Table-1 above shows the priority issues on the minds of our congregants at the time of our survey.

2 - Determiner

The solutions for certain requirements work in opposition and cost. Table-2 shows the results of these questions based on the total number of people who voted in this section.

3 - Important to Campaign

Table-3 provides an understanding of the priorities the voters placed on the different aspects of our facilities that are impacted by the proposed solutions we will undertake in this Capital Campaign.

4 - Five Top Areas of Campaign Focus

We asked people to identify the top five areas of their concern to focusing spending. Table-4 shows the results of this question.

5 - Where to Include Air Conditioning

Table-5 shows where those persons responding think we should provide air conditioning.

6 - Where to Repair or Replace the Heating System

Table-6 shows where those persons responding think we should improve our heating systems.

7 - Replace and Improve Lighting

Table-7 shows where those responding think we should be looking at improving the lighting.
