**Topic: Mystery**

**Theme: The Mystery of us**

### **UU Principal #1: Each and every person is important**

**The practice of seeing the divine in others:** When we notice the divine in others and ourselves we treat each other differently. When we see each other as precious, there is a mysterious desire in us which makes us want to do good for others and ourselves. Let's help children be **deliberate** about the practice of seeing the best, the divine, in each other and in themselves and to respond to that by encouraging kindness when speaking and good deeds in our actions. While giving and doing for others share with the children the good feeling that happens in your heart.

#### **Ideas for home:**

- **Create Winter Holiday Gifts and Cards to give to those who are lonely, sick or shut in, during the holiday season.**
- **Make a handmade snowflake for your friends and family**
