- **Theme: Trust**
- **Topic: Offering Love and Trust for Valentine's Day**
- **UU Principal # 1: Each and every person is important**

Message: Message: Trust is a big part of love. Loving someone is about more than warm and tender feelings; at its heart it involves putting our trust in another human being. The theme for this month is "How are we a people of Trust?" Today we are going to explore how love and trust work together.

Spiritual Focus: the practice of compassion.

We tease apart the sentimental love for Valentine's into trust and compassion. These slightly different lenses give us more depth to reflect and act on. In the older classrooms we celebrate Susan B. Anthony, and

in honor of Black History month, we celebrate the birthday on Feb. 12 of Fannie Barrier Williams, a Black Unitarian activist.
