Monitoring Reports	Rev John focused on building repairs. Some repairs are critically needed and cannot wait for the work that is being funded by the Capital Campaign. Also, we have used funds in Building Reserves to cover shortfalls elsewhere in the Operating Fund. He suggests designating Building Reserves as a fund distinct from the Operating Fund and not to be used to fund Operations shortfalls. Rev John notes this will need more thought and planning. MJ Cross noted the funding of the Assistant Minister position in 2020-2021 (3 rd year of contract) and beyond is a large commitment not yet covered by increased pledges.	
Capital Campaign and Building Renovation Update	Rev John has hired a professional to put in for the state historical designation and to write up other grants. Capital Campaign pledges are up to \$1,320,000. Endowment matching grant piece of this is over \$300,000. Rev John requested the Board and Endowment committees meet to work out a policy of how information during building construction can be shared so that everyone is comfortable with the spending but not interfering with day-to-day operational decisions. C McEvoy asked if reports would come regularly to the Congregation during project implementation. Rev John plans to make this happen.	M/SV: Board delegates K Vogel and C McEvoy to meet with Endowment Committee chair K Leddy to discuss how to satisfy Endowment's information requests short of being a part of operational decisions.
Governance Discussion	3 areas of concern have been raised by a Congregant: 1. Consider a mortgage to fund construction beyond the Capital Campaign monies has been ignored by the Board. During discussion it was noted that a	

	<p>motion addressing the Congregant's request to study alternative financing options was voted down at the May 5, 2019 Capital Campaign Member Meeting.</p> <p>2. Democratic process – Carrie would like a future Board discussion of using Robert's Rules vs other ways to run a meeting. Ken offered to sit with Scott and Rev John to discuss his concerns about what he sees as a failure to use a fully democratic process.</p> <p>3. Use of Facilities Reserves to help other parts of Operating Fund. Rev John has taken on the issue of holding a special Building Reserve Fund, separate from Operating Fund</p>	<p>C McEvoy will develop a generative discussion report on topic of running a meeting, in particular using Robert's Rules or some other process.</p> <p>K Vogel will respond to Congregant and offer to sit down with him and Rev John to discuss how we can handle these issues going forward.</p>

The team also asks the current officers to make themselves available to their successors one hour a month for the first year after succession.</p>	<p>Officers will journal placeholder for things we do each month to make BOT meetings happen.
