**Unique opportunity to attend a ONE day retreat** at Holy Cross Monastery and go through the same rituals and observances as the Monks.

Highlights from Tom Hearne about the retreat at the Monastery:

*We are hoping to present an experience that is different from the 'norm'.*

*During Lent, they are observing silence in the common areas, this will enhance the overall experience of looking inward.*

*Five prayer services each day that are optional, but recommended.*

*The Holy Cross Monastery is a beautiful facility on the Hudson River.*

*The afternoon could be spent exploring the building and grounds, reading, meditation, etc.*

*Our stay would include three meals and lodging at the monastery on Friday night.*

*Let us know if you are interested, so that we can make a commitment as a group.*
