Need for Drivers and Helpers

Winter 2021-22

- Drivers and helpers are needed to pick-up furniture from donors and transport it to our storage facility.
- Drivers should have either a truck, van or large SUV.
- It is anticipated that pick-ups will take place primarily on weekends.
- Although all donations will be pre-screened, drivers will be asked to assess the condition of donations and may reject items if felt to be unsuitable due to condition or size.
- Drivers will be asked to record the name of the donor, contact information and church affiliation so that the donor will receive a donation receipt for tax purposes.
- The donations will be brought to our storage facility:
 - Public Storage
 - 1296 Kings Highway Cutoff
 - Fairfield Connecticut
- At the storage facility the donations will be logged into our inventory system.
- That's it.

If you would consider being a driver or helper, please contact Ed Mahony (edward.mahony@gmail.com) who will answer your questions and provide an orientation to the role of the driver or helper.
